

Program Benchmarking

Advisen provides independent insurance program benchmarking for premiums, limits & retentions. Apply industry, geography, financial, coverage / LOB, demographic, exposure characteristic filters to 1.2 million insurance programs from over 275,000 companies.

- **Advisen's benchmarking system answers frequently asked questions such as:**

- How does this program's cost compare to similar companies?
- Is this a competitive quote?
- What limits do similar companies purchase?
- Should retentions be raised?

- **Credible, impartial and authoritative data:**

- Everyone wants to know what other people pay
